

Carmelo Campo • Architect

MA (Hons), CNAAPC, ARB

Carmelo studied architecture at the University of Florence in Italy. After graduating in 2015, he gained experience working in various firms in Italy across residential, education and conservation sectors. In 2020, Carmelo moved to the UK and registered with ARB in 2021, joining a data centre specialist. He possesses strong skills in BIM design and architectural rendering. Carmelo is passionate about architecture and is looking to expand his expertise into healthcare design at GBS.

Carmelo joined the Practice in 2023.
