

Katy Harrison • Architectural Interior Designer

MDes

Katy has gained valuable first hand experience in design, planning and projects supervision across the education, community, residential and commercial sectors. She is especially adept in using 3D imaging and design techniques that can help clients understand and pre-experience an overall design or the intimate detailing of a specific area. Katy brings fresh new perspectives and is a passionate enthusiast who takes satisfaction in creating designs that carefully meet and exceed the clients expectations.

Katy joined the Practice in 2017.
